

VYPER 2.0 is the most powerful vibrating roller on the planet! Sold in 58 countries and used daily by the world's most elite athletes, the 2.0 has been designed with more style and sophistication, and developed to be even stronger, sleeker and even more durable. The made-in-Germany exterior shell is now dual-zone, which functions as both a groove or smooth roll, allowing for a customized rolling experience.

## BENEFITS

### Injury Prevention

- Improves muscle stability
- immediately increases circulation to properly warm-up the body
- Prepares the body to be stretched by loosening muscles, nerve tissue and fascia

### Performance Enhancement

- Increases flexibility, mobility and agility
- Increases circulation to prepare the body for training/competition
- Dual-zone surface (smooth or grooved) for a customized roll

### Recovery & Rehabilitation

- Alleviates pain and tension
- Reduces soreness and stiffness
- Increases blood flow to muscles, helping to break down lactic acid
- Increases range of motion for optimal stretching and strengthening exercises
